

Trauma Services is comprised of two programs: The Abused Persons Program (APP) for partner violence and The Victim Assistance and Sexual Assault Program (VASAP) for sexual assaults and general/violent crimes, including services to surviving family members of homicide and tragic/traumatic deaths. Trauma Services provides comprehensive, individualized, and culturally appropriate clinical and victim assistance services to domestic violence victims and offenders, sexual assault victims, and victims of the general crime of all ages. All victims may be assessed and receive counseling, victim advocacy, and psychiatric care, as well as a variety of specialty services geared to their particular needs. **(240) 777-1355.**
